Wolverine	900	500	130	Quote

*Rug prices reflect standard mounted style rugs. Extra charges apply to rugs with detailed jaws, form alteration or custom form fabrication (such as closed mouth brown or grizzly bear).

**A flat rug is a rug with no head mount. The head, if included on the skin, is stretched flat. Antlered or horned animals which are made into a flat rug do not include the head.

***Tanning prices for these species are for a hide with **NO** head or feet. If you want a hide tanned for a lifesize there will be an additional charge.

****Although AWR specializes in rugs, we can do other mounts on request, including life size, half life size, shoulder, and antler mounts. Please call or stop by the shop for more information on other types of mounts.

Policies and Information

Thank you for choosing Alaska Wildlife Rugs and Taxidermy. Please read below to learn about AWRT policies.

A 30% deposit is required at time of drop off before any hide or cape will be tanned for a mount or rug. When the hide or cape is received from the tannery, an additional 30% deposit is needed before AWRT will begin the mounting process. The remaining balance can be paid at time of completion/pick up.

Tan only skins require 75% deposit at time of drop of or before shipment to the tannery. Need a rush on a tan only? Get your tanned skin back in less than 3 months for an additional 60% of the regular tanning costs.

Payments can be made at any time with all major credit cards, cash or check.

Upon arrival at the shop hides will be inspected thoroughly for damage. Hides deemed unmountable or unsalvageable will be denied for mounting or tanning and returned to the owner to do with what they wish.

Because there are many variables which are out of the direct control of AWRT, including proper field care of a hide/trophy before arrival at the shop, AWRT cannot and will not guarantee that any hide will return from the tannery undamaged or mountable. **All tanning is done at the customer's risk.**

Form alterations and custom form fabrication are billed based on the shop time rate of \$60/hr.

All Grizzly or Brown Bear closed mouth rug shells (head form) have to be custom made; the final price will reflect the additional cost for form alteration.

Semi -open mouth rugs use a detailed jaw set and cost an additional \$100. You can add a detailed jaw set to a regular open mouth rug as well for an additional \$100-\$200.

If repair to a damaged hide or trophy takes more than 30 minutes or needs replacement materials/parts, there will be an additional cost based on the extra labor, materials, and the type of repair required. No repair of this kind will be made without the customer's approval, but AWRT may decline to mount your trophy if we feel the overall quality of the mount will suffer without the recommended repair work.

A storage fee of \$2.00 per day will be assessed on all mounts or tanned skins that are not paid for and picked up within 30 days of notification of completion.

Any mount or tanned skin that is not paid for in full within 6 months of completion will become the property of Alaska Wildlife Rugs and Taxidermy.

AWRT offers expediting, crating, and shipping services for sportsmen and sportswomen wanting to ship their trophies to another location within the United States of America. Sorry, we do not offer international shipping at this time but will gladly refer international sportsmen to a facility that can accept and process such shipments.

Expediting

Expediting fees include State of AK sealing (if needed), invoicing, drying the hide or cape, a thorough examination of your trophy to be sure it is ready to ship, and contact of customer and the customer's agent throughout the expediting process. Expediting does NOT include shipping, crating/boxing, transport/pick-up, or any fleshing/hide/antler preparation costs that may be needed for shipment.

Expediting fee per specimen is \$125. This includes the hide and skull (or cape and antlers) of that animal.

Crating/boxing rates of untanned (salted and dried) trophies, antlers, and skulls

Black Bear hide - \$40

Brown/Grizzly Bear hide - \$50

Bear skull, raw - includes freezing - \$40

Bear skull, cleaned - does NOT include cleaning or bleaching - \$30

Sheep, mt goat, or deer* (cape, antlers/horns included) -\$50

Moose cape and antlers* -\$200

Musk ox cape or hide and horns, or caribou cape and antlers* -\$150

Bison cape or hide/skull/horns* -\$150

Furbearers, misc. back skins, hides not listed above - \$40

Discounts are available for multi piece packaging.

*includes ONLY the cleaned skull plate/antlers, not the whole skull. Skull cap cleaning is \$30-\$50.

Shipping information

Shipping is **not** included in expedite or crating/boxing fees. Full payment for ALL services, including shipping, is required before any item will be shipped. A \$2 per day storage fee will be assessed on any expedite that is not paid for within 21 days of crating/boxing. Any and all costs for pick up at the receiving terminal are the customer's responsibility.

Caribou, Moose, and other very large items will be crated and transported by freight truck to the nearest terminal point of the final destination address.

All items that can be boxed or crated within the size constraints of the USPS or UPS will be shipped via one of those two carriers with insurance and confirmation of receipt. All tracking information will be emailed to you and/or your agent when your shipment leaves.

Please be aware that shipping of frozen skulls is highly discouraged due to the possibility of the skull being thrown out by the shipping company if it thaws during transit. If you want to ship a frozen/raw skull you do so at your own risk. The only way we ship raw skulls is via UPS second day air with insurance.

Airport pick-up of trophies costs \$150.
